Background

As a year 1 student from SECRH , i'm very appreciated having this golden oppurtunity to attend this virtual talk and industry visit to UTM Digital. On 5.12.2023, we had a virtual talk on UTM DIGITAL-OUR DIGITAL UNIVERSITY DRIVER from 3-5pm via Webex. The speaker,Mr Helmee bin Yaacob and his colleagues were delivering a fanstatic informative talk to all of us. It is really awesome! What we gained from the talk is UTM ID and know the ICT service for students.Besides, digital architecture, digital strategy, and digital innovation are the three primary divisions that make up UTM Digital.During the first session, Ms . Alinda binti Mohamed Aris discussed the fundamental of UTM Digital services with a particular focus on the creation of technology platforms and applications.In the following session,the speaker who known as TS.MR. Mohamed bin Mohd Hasni gave a summary of the UTM data centre's infrastructure and construction projects from 2008 to 2019 by highlighting its standards which include plenty of space and strong security. Furthermore, On 11.12.2023, we had an industry visit to UTM Digital in Skudai, Johor. On that day, we were welcomed by some senior IT officers who are Madam Diniha Miskam and Madam Aslinda. All of the staff were extremely amiable to us. We had approximately 70 people who took part in it in order to know more about how UTM Digital we Then, our group had an interview session with Encik Muhammad Syafiq who is a IT Officer tha UTM SMART. Moreover,I have learned about their companies' background and the distributi made in this technology era.
